## SEPTEMBER 17—CITIZENSHIP DAY

Citizenship Day or Constitution Day is considered the birthday for our country and it serves as a means for American citizens to express their pride in their citizenship. Constitution Day also designates a time to honor the Constitution of America and learn more about the famous piece of legislation. The Act that passed the holiday also states that federally funded schools are required to provide lessons on the U.S. Constitution during the holiday.

Quote from Wally Herger  
"REMEMBER IN NOVEMBER!"

"As Republican Women we are prepared to stand up for and act on the conservative principles, policies, and convictions held by all true conservatives."

*Joann Mathis, TCRWF President 2010*

What a wonderful time we had at the Trinity County Fair this past weekend. I had to have the funnel cake, and don't forget the peanut brittle, fudge, and that special BBQ sauce just two booths down from the TCRWF booth.

Now to the best part! Connecting with people! Republicans, Democrats, Independents, Libertarians, and other. Almost unanimous .....our country is in trouble. This is the most important part of why we are at the fair. The message we tried to convey to everyone we spoke to was please educate yourself on the candidates and issues so you are an informed voter.

Memorable moments.....I sold two of our TCRWF cookbooks to Alice Ackerly's daughters. They were so excited to see their Mom's recipes in there. (For our new members, she is an older member who lives in Hayfork). Cammie Wollner was there with our newest Republican Woman, born on July 4, 2010! Welcome to Margaret Rosella Wollner.

We did have a lively interest shown in new memberships with some people taking applications. We have a new member from Trinity Center. Welcome Kelli Gant! We hope our meeting in Hayfork in October will re-enforce the interest shown in the club. Thank you to the TCRWF Board and members who worked the Fair booth. It is very rewarding!

"The American spirit is there ready to blaze into life if you and I are willing to do what has to be done....."  
*President Ronald Reagan*

THE AMERICAN'S CREED

"I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a Republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice, and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag; and to defend it against all enemies."

Written by William Tyler Page, Clerk of the House from 1919 to 1931. A student of history, Page fashioned the creed along the lines of the Apostles' Creed and drew from great American writings such as the Declaration of Independence, Preamble to the Constitution and the Gettysburg Address. In 1918 the U. S. House of Representatives, after a nationwide contest, accepted it on behalf of the American people as the American's Creed, reminding us of the principles that make America great and the duties required to preserve those principles.

MEMBERSHIP CORNER  
Sally Styczynski,  
Membership Secretary and Ways and Means Chair

A **BIG THANK YOU** to all our members who responded to our call for contributions to help fund the cost of this year's fair booth. Also **THANK YOU** to the members who worked in the booth. Our event was a HUGH success and many folks were excited to see us and see a Republican presence in Trinity County. We could not have done it without the generous support of our members.

We started selling tickets for our annual \$100 bill drawing . Please let me know if you want to purchase tickets. The cost is \$1.00 for one ticket, \$5.00 for 6 tickets, and \$20.00 for 12 tickets. The drawing will be at our November 8, 2010 Membership and Installation Meeting. You do not need to be present to win.

WELCOME MARGARET ROSELLA WOLLNER

## **CRP Statement Regarding Women's Equality Day**

SACRAMENTO – California Republican Party Chairman Ron Nehring today issued the following statement regarding Women's Equality Day:

**"Today, we honor the brave suffragettes who spoke up for their civil rights, fought for equality and changed the course of history by gaining the right to vote on this date in 1920. The expression of their courage and the demonstration of their resolve continues to resonate through our society on this 90th anniversary of Women's Equality Day.**

**"The Republican Party has embraced this movement from its inception. Elizabeth Cady Stanton, the mother of women's suffrage, actively campaigned for our first Republican president, Abraham Lincoln. At the request of Susan B. Anthony, California Sen. A.A. Sargent introduced the 19th Amendment to the U.S. Congress. The first women elected to state and federal office were all Republicans, and the first political party to endorse women's suffrage was the GOP.**

**"History is continuing to be made by the California Republican Party as we celebrate the three accomplished women on our statewide ticket, and we have recently launched [CRPWomen.com](http://CRPWomen.com), the first state party in the nation with a website dedicated to featuring women candidates and networking women's groups in California. Our commitment to encouraging the accomplishments of women in state and national politics remains as strong today as it was in 1920."**

Dear Trinity County Republican Women,

I want to take this opportunity to thank the TCRWF for your enduring support. The TCRWF has long been the foundation of the Republican Party in Trinity County. At a time when our country is experiencing great challenges, we need your help more than ever. Please do not underestimate the importance of your club. Your education and registration efforts, coupled with the efforts of other Republican Women's groups, are vital to our common goals. With all of us working together, we can put a stop to Speaker Pelosi's radical agenda and elect a Republican majority. The work of the TCRWF has paid off time and time again through registering Republican voters and getting the community engaged in the political process. Our federal government is ever expanding, putting a greater burden on American families and encroaching on our freedoms. We need your help more than ever and I know you will step up to the challenge.

Thank you for the privilege of representing you in Washington and fighting the battle on behalf of the people of Trinity County and the 2nd Congressional District. Again, thank you so much for your continuing support and may God Bless you and Trinity County.

Sincerely

WALLY HERGER  
U.S. Representative

## Herger: Federal Policies and Radical Environmentalists Kill More Northern California Jobs—August 24, 2010

**Washington, D.C. – Congressman Wally Herger (R-CA) issued the following statement in response to the announcement that Sierra Pacific Industries (SPI) will close its biomass power plant in Loyalton, CA:**

"I was deeply saddened to learn that SPI will be forced to suspend operations of its biomass power plant in Loyalton. It is outrageous that SPI and other forest products companies are being continually forced to make decisions like these in large part because federal policies and litigation by radical environmental groups are virtually shutting down access to our national forests. I thank and applaud SPI for its continued investment in our communities and for pursuing other opportunities to operate its power plant.

"This was another facility constructed with the hope that sufficient forest material would have been made available from our dense and overgrown forests after passage of the Herger-Feinstein Quincy Library Group Forest Recovery Act. Despite being a monumental, collaborative and bipartisan effort to get

past the timber wars and restore commonsense forest management to our federal lands, the HFQLG pilot project has become the victim of extreme activist groups that abuse the regulatory and judicial processes to needlessly stall and derail implementation of this law and other forest management projects designed to protect rural communities from wildfires. Our rural areas continue to suffer as a result of this no-holds-barred assault from the radical environmental community.

"Absurdly enough, their efforts in this case have caused us to lose yet another source of clean, renewable power that serves multiple purposes: generating electricity while thinning our overstocked forests and reducing the threat of catastrophic wildfire. Renewable biomass power is widely-considered to be a win-win, yet it continues to be opposed by a hypocritical minority of ideologues who do not want to see trees cut from our California forests, despite the obvious benefits for our communities and the environment.

"This tragic news serves as further testament of the dire need to make our environmental laws work for us and not against us. While this fight has been going on for a long time, it is far from over. I will continue working for the needed reforms that will prevent continued abuses of the law and allow for balanced forest management that will create jobs and protect public health and safety by reducing the threat of catastrophic wildfire."

**TAX HIKES EXCEED IMAGINATION**—Contributed by Dave Meurer, Deputy District Director for Congressman Wally Herger

E-MAIL: [dave.meurer@mail.house.gov](mailto:dave.meurer@mail.house.gov)

Sadly, unless Congress acts, the Bush tax cuts will expire in January and the death tax comes back in spades. The below information is correct and "more bad stuff is brewing." In just six months, on January 1, 2011, the largest tax hikes in the history of America will take effect. They will hit families and small businesses in three great waves. On January 1, 2011, here's what happens... (read it to the end, so you see all three waves)...

### **FIRST WAVE: EXPIRATION OF 2001 AND 2003 TAX RELIEF**

In 2001 and 2003, the GOP Congress enacted several tax cuts for investors, small business owners, and families. These will all expire on January 1, 2011. Personal income tax rates will rise. The full list of marginal rate hikes is:

- The 10% bracket rises to 15%
- The 25% bracket rises to 28%
- The 28% bracket rises to 31%
- The 33% bracket rises to 36%
- The 35% bracket rises to 39.6%

**Higher taxes on marriage and family.** The "marriage penalty" (narrower tax brackets for married couples) will return from the first dollar of income. The child tax credit will be cut in half from \$1000 to \$500 per child. The standard deduction will no longer be doubled for married couples relative to the single level. The dependent care and adoption tax credits will be cut.

**The return of the Death Tax.** This year only, there is no death tax. (It's a quirk!) For those dying on or after January 1, 2011, there is a 55 percent top death tax rate on estates over \$1 million. A person leaving behind two homes, a business, a retirement account, could easily pass along a death tax bill to their loved ones. Think of the farmers who don't make much money, but their land, which they purchased

Article continues on Page 6)

(Continued from Page 5)

years ago with after-tax dollars, is now worth a lot of money. Their children will have to sell the farm, which may be their livelihood, just to pay the estate tax if they don't have the cash sitting around to pay the tax. Think about your own family's assets. Maybe your family owns real estate, or a business that doesn't make much money, but the building and equipment are worth \$1 million. Upon their death, you can inherit the \$1 million business tax free, but if they own a home, stock, cash worth \$500K on top of the \$1 million business, then you will owe the government \$275,000 cash! That's 55% of the value of the assets over \$1 million! Do you have that kind of cash sitting around waiting to pay the estate tax?

**Higher tax rates on savers and investors:** The capital gains tax will rise from 15 percent this year to 20 percent in 2011. The dividends tax will rise from 15 percent this year to 39.6 percent in 2011. These rates will rise another 3.8 percent in 2013.

**SECOND WAVE: OBAMACARE** There are over twenty new or higher taxes in Obamacare. Several will first go into effect on January 1, 2011. They include:

**The "Medicine Cabinet Tax":** Thanks to Obamacare, Americans will no longer be able to use health savings account (HSA), flexible spending account (FSA), or health reimbursement (HRA) pre-tax dollars to purchase non-prescription, over-the-counter medicines (except insulin).

**The "Special Needs Kids Tax":** This provision of Obamacare imposes a cap on flexible spending accounts (FSAs) of \$2500 (Currently, there is no federal government limit). There is one group of FSA owners for whom this new cap will be particularly cruel and onerous: parents of special needs children. There are thousands of families with special needs children in the United States and many of them use FSAs to pay for special needs education.

**The HSA (Health Savings Account) Withdrawal Tax Hike:** This provision of Obamacare increases the additional tax on non-medical early withdrawals from an HSA from 10 to 20 percent, disadvantaging them relative to IRAs and other tax-advantaged accounts, which remain at 10 percent.

**THIRD WAVE: THE ALTERNATIVE MINIMUM TAX (AMT) AND EMPLOYER TAX HIKES** When Americans prepare to file their tax returns in January of 2011, they'll be in for a nasty surprise. The AMT won't be held harmless, and many tax relief provisions will have expired. The AMT will ensnare over 28 million families, up from 4 million last year. According to the left-leaning Tax Policy Center, Congress' failure to index the AMT will lead to an explosion of AMT taxpaying families, rising from 4 million last year to 28.5 million. These families will have to calculate their tax burdens twice, and pay taxes at the higher level. The AMT was created in 1969 to ensnare a handful of taxpayers.

**Small business expensing will be slashed and 50% expensing will disappear.** Small businesses can normally expense (rather than slowly-deduct, or "depreciate") equipment purchases up to \$250,000. This will be cut all the way down to \$25,000. Larger businesses can currently expense half of their purchases of equipment. In January of 2011, all of it will have to be "depreciated." Taxes will be raised on all types of businesses. There are literally scores of tax hikes on business that will take place. The biggest is the loss of the "research and experimentation tax credit," but there are many, many others. Combining high marginal tax rates with the loss of this tax relief will cost jobs.

**Tax Benefits for Education and Teaching Reduced.** The deduction for tuition and fees will not be available. Tax credits for education will be limited. Teachers will no longer be able to deduct classroom expenses. Coverdell Education Savings Accounts will be cut. Employer-provided educational assistance is curtailed. The student loan interest deduction will be disallowed for hundreds of thousands of families. Charitable Contributions from IRAs no longer allowed. Under current law, a retired person with an IRA can contribute up to \$100,000 per year directly to a charity from their IRA. This contribution also counts toward an annual "required minimum distribution." This ability will no longer be there.

Starting in 2011, (next year folks), your W-2 tax form sent by your employer will be increased to show the value of whatever health insurance you are given by the company. It does not matter if that's a private concern or governmental body of some sort. *(Insert: According to Dave Meurer, this portion will not be taxed additionally, only reported).* This is how the government is going to buy insurance for the 15% that doesn't have insurance and it's only part of the tax increases. Not believing this??? Here is a research of the summaries.....On page 25 of 29: TITLE IX REVENUE PROVISIONS- SUBTITLE A: REVENUE OFFSET PROVISIONS-(sec. 9001, as modified by sec. 10901) Sec.9002 "requires employers to include in the W-2 form of each employee the aggregate cost of applicable employer sponsored group health coverage that is excludable from the employees gross income."
